Hello Petersburgonians!  
I am somewhat new resident here. After being nuzzled safely at PFI for the last six months I am finally moving into my own apartment. I find I am in need of almost all items that help make a home a home. Dressers, coffee tables, end tables, book cases, kitchen table and chairs, couches, lamps and and other miscellaneous items. If you happen to have anything listed above and find that you no longer want/need them I would be more than happy to trade you for money. Please pm me. Thank you kindly in advance.
